

## PUKLAVEC FAMILY WINES

The Puklavec family's love for wine can be tracked back to 1934 in Slovenia. Martin Puklavec had a vision: to make the finest wines together. This philosophy continues to resonate through the family's wine making today. Puklavec Family Wines are driven by the core values of passion, hard work and dedication to quality. Vladimir Puklavec and his daughter Tatjana work together, alongside the other winegrowers, with the determination to continue the pursuit of their (grand)father's vision.

Puklavec Family Wines are produced in the heart of Ljutomer-Ormož, a wine area in the Podravje region, in the North-Eastern part of Slovenia. This area provides the perfect microclimate conditions for grape growing.

The result are elegant wines, crafted with an uncompromising and passionate attention to detail, beautifully balanced and as expressive as the landscape of our vineyards.
